LOGO PLACEMENT

RUSH RACE GEAR

Write the name of the logo that you want in the box that corresponds with the number and placement on the suit diagram. If you have any additional logos or need a custom layout, write them directly on the diagram or leave a note that you will need assistance from a designer.
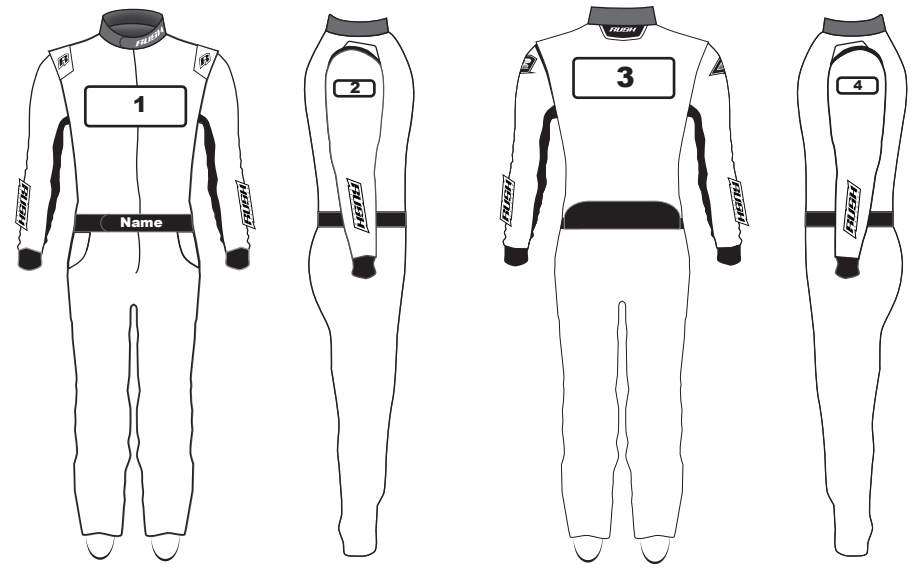

LOGO FILES - In order to create the best look for the customer we prefer .pdf or .eps files for the sponsor logos. If you are unsure where to get these types of files, contact your wrap company or the sponsor company directly. If you need to have a new logo created by Rush graphic designers it will cost $25 per logo.
